CHAIRMAN MESSAGE

Orange City College of Social Work, Nagpur was founded with the aim of serving the society through the means of education. The college was founded on 10th December, 1999 on the eve of International Human Rights Day. The aim of establishing the college had been helping the students grapple with the scarcity of resources, that I have felt in my student's day. The right of education should be accessible to each and every child, irrespective of his socio-economic status, has been the driving force behind the establishment of the college. The limitation to accessibility of resources should not stand in the way of students striving to achieve education in life, had been my motto. The college has successfully completed 20 years of academic excellence. During this tenure many milestones like accreditation with 'B' Grade and reaccreditation with 'B+' grade recently by National Assessment and Accreditation Council, Bengaluru, inception of new courses, onset of research center for Doctorate of Philosophy i.e. Ph. D. in Social Work by Rashtrasant Tukadoji Maharaj Nagpur University, Nagpur had been achieved. Moreover, the college is proudly heading towards its Silver Jubilee. This could be possible due to the consistent help and support of all the stakeholders of the institution. The college prospectus is the window providing sneak peek into the various facilities and activities of the college that it holds out for its students. This particularly is vital for the newly enrolled students of Bachelor of Social Work i.e. BSW and Master of Social Work viz. MSW. Our motive is to satisfy the curiosity of all the students stepping with the loads of expectation in the college. Moreover, the college has not delimited itself to BSW and MSW solely, but has also started new courses like BRIDGE/Bosch, Counseling Course, etc. Infact, many more of such are already in the process of inception. The present college prospectus reflects all the hard work and pain taken by the college to reach this zenith down the year. However, while we enjoy the fruits of success, it should be kept in mind that many more milestones are waiting for us to be achieved in the coming years. This would be possible only through the help and support of each and every stakeholder. I extend my best wishes to each and every students seeking enrollment in the college and urge them to make most of what the institution has to offer to the students and make their lives successful. I appreciate the Principal for such an able leadership that could help the institution to reach the zenith of success. I congratulate the faculties for the hard work they put in every single day. Last, but certainly not the least, to all the stakeholders for their unwavering and selfless support that has molded the college in the passage of time. The Prospectus, after all the contemplative changes, is ready for its true claimants, the students and Necessary suggestions or recommendations shall forever remain welcome. I hope everyone's love and support in the time to come.

Dr. Chandansingh P. Rotele

Hon. President

Principal's Message

Orange City College of Social Work, Nagpur has never delimited itself to an organization imparting education solely, but has always essayed to overreach beyond the stereotyped boundaries prescribed by age old customs. Thinking out of the box has been the modus operandi of the college since its inception day. The work culture embraced by the institution does nothing short of refueling these ideals in the mundane activities of the institution. The various steps adopted by the institution from micro to macro level are all oriented to the ideal of reaching out to the people who are always at the receiving end. The college was established in the year 1999 with the aim of empowering the feeble segment of society. And what better means could be then imparting education even to the person who stands at the last wrung of the socio-economic ladder. The Architect of Constitution Dr. Babasaheb Ambedker once said that education is the milk of lioness and one who consumes it shall never rest without roaring. At Orange City College of Social Work, Nagpur, we ensure that each and every child gets his or her share of this milk sans caste, class, creed, gender, etc. and for this it is made sure that the financial constraint doesn't block the way of an enthusiastic child craving for knowledge. Orange City College of Social Work, Nagpur was established by visionary Hon. Dr. Chandansingh Rotele Sir, who himself has elevated to the success in life, fighting from the adverse circumstances, teaching him that there is no other alternative to success, but quality education. However, at Orange City College of Social Work, Nagpur it is not only the quality education which is prioritized but also preferences to the utilization of modern techniques in teaching learning process is given utmost importance. At Orange City College of Social Work, Nagpur, we believe that the student who is gearing up himself with the academic knowledge should also learn to practice it hands down. And the institution is the cradle for this. The institution facilitates a basket of opportunities for this to the students, so that he/she gets the preview of what he is expected to do once he steps out of the college as the professional social worker. Though, this doesn't mean that once a student is out of sight, he is out of mind. He remains engaged with the college as an Alumnus. On the contrary, his/her responsibilities mount up by leaps and bounds, as the Alumni is now expected to pay off to the institution and its students through the knowledge and expertise they have gained by being a beacon of light to the current students. The college prospectus is not merely a booklet that showcases the facilities and opportunities that the student avails after enrolling into the college, but it is a vision document of what the parents and guardians can expect from the institution of becoming of the students

enrolled during the time the student spends in the college. And the college is committed to realize this ideal till the last drop of the ocean of resources it has at its disposal. I am sure that each and every student at present and in the time to come consumes every drop of the ocean of the resources that are facilitated only and only for the students and in return try to fulfill the expectation that the parents, teachers and the college has from them. I earnestly believe and pray that by the end of their academic journey, the students brings glory to the parents, college and other stakeholders and be a true, faithful and worthy citizen of the nation. In this entire journey, the college shall remain as a stout pillar on which a student can forever rely upon. I welcome all the students enrolling into the college and ensure our patronage and support at each and every step that the student ascends to reach the zenith of academic success.

SOCIAL WORK PRACTICUM

Practicum is an essential requirement for social work education. The trainees are given field experience along with classroom lectures. This not only helps in developing field based knowledge, skill and proper attitude among the students, but also enables them to be better professional. The requirement for practicum is different for different classes as per the University specifications. In general, the practicum includes orientation-cum-structured laboratory experiences, concurrent placement, agency visits, village camp and study tour. Orientation and Structured laboratory experience is provided at the college level prior to the placement of the students. By and large integrated approach is followed at the Concurrent Practice level. However, for BSW 1Sem, BSW 2nd sem, BSW III Sem, BSW IIIyear and MSW SEM I & II emphasis on Social Case Work, Social Group Work and Community Organisation is given the three are the primary methods . Community Organization has been given importance at the BSW final. MSW III Sem & IV SEM Social Work Practicum is based on their electives, in-depth practice of primary methods and use of secondary methods are also used in the field.
