

Participation of the Children in the Adjacent Area in the Institutional Activities: Promoting Communal Harmony

The college takes special initiative for establishing communal harmony among the people and the students through various initiative through the Community Mobilization and Impact Assessment Cell. There is a Madarsa running in the neighboring area with the name Khadim Welfare Association .The children from the adjacent area come to study in the Madarsa in the evening, after school hours, to study.

The faculties from the college after the college hours voluntarily visit the Madarsa to teach the student regarding the value education, sports , environment studies , current affairs, etc. Besides, the students of the Madarsa are encouraged to take active participation in the cultural, sports events and other regular events of the college .

The students have access to the college library. They visit the library to read the newspaper , books ,magazine, journal, children literature, comics, etc. Besides, the students participate in the college programs like plantation, cultural events, annual day programs, sports activity etc
